DIALYSIS PATIENT AND CARE PARTNER SUPPORT GROUP

We are a dialysis patient and care partner couple who have been on our dialysis journey together since 2008. We believe that no one should have to travel this road alone. This is a casual support group where people can join to talk about dialysis or life in general. We hope to see you there!

THE SOLACE ALLIANCE SUPPORTING CAREGIVERS/CARE PARTNERS EVERYWHERE

This is a private support group for caregivers and care partners. Our care partners have been through so many different experiences with their person during this journey and they have learned to lean on each other and ask questions, and have made life-long friendships through this shared experience. We recognize the difficult role in being a care partner. Members of this group are here to support and lift one another during difficult times and celebrate during great times.

You are not alone, even if it feels like it at times. We are here to walk this journey along side you. Hope to see you on a meeting.

Special thanks to Dawn and Jimmie Bates for providing patients and caregivers with these support groups where they can discuss shared experiences, learn more about kidney disease, and get support from others on a similar journey.
