

Bulletin Board Kit - Home Dialysis

How to use your Bulletin Board Kit

1. Look at the Display Board Idea on page 13
2. Cut out the pieces
3. Invite a patient to assist you with creating the display
4. Make sure the display is in an area where patients can see it
5. Engage patients by selecting one or more of the following ideas:
 - Consider partnering with a nearby home program on this project
 - Ask home program patients to fill in a heart with their reason why they love home therapies
 - Educate in-center patients on treatment options and aligning treatment options with patient goals
 - Consider using a home assessment tool, such as My Kidney Life Plan: <https://mykidneylifeplan.org/> or MATCH-D: <https://homedialysis.org/documents/pros/MATCH-D-v4.pdf>
6. You can add a folder with handouts patients can take with them. Download the following resources from the ESRD Network's Resource Hub at resourcehub.exchange/home-dialysis-kit/
 - Ten Benefits of Home Dialysis
 - Home Hemodialysis
 - Peritoneal Dialysis
 - Explore your Kidney Treatment Options

7. Take a photo and send it to the Networks at esrdnetworks@qsource.org
