

Infection Prevention Lobby Day Ideas

Activities

- Play a game: Bingo, crossword or word search puzzles or trivia.
- Give out nail brushes, personal hand sanitizer or timers.
- Ask a Nurse - Have a nurse present to answer questions about infection prevention strategies.
- Use [GloGerm](#) and have patients practice washing their hands.
- Have staff and patients complete hand hygiene pledges and display them.
- Ask a patient - bring in a former patient to share their experience with infection prevention.

Bulletin Board Ideas

- Post pictures and stories on how to stay infection free.
- Post “Scary Hands” pictures with [GloGerm](#).
- Post Hand Hygiene Audit results.
- Highlight the risks of infection.
- Focus on access and hand washing – Do’s and Don’ts to keeping your access healthy.
- Post “[We’re on the Right Track](#)” poster with your clinic’s Healthcare Acquired Infections (HAI) results.

Displays

- Show videos of patients talking about their experience with infection.
- Show videos of patients sharing how they stay infection free.
- Show educational videos on infection and sepsis.
