

QAPI Construction Team Bulletin Board Kit

During your monthly QAPI meetings with your patients, you can discuss ways to help identify areas of improvement, make a plan to correct areas that need improvement, and continuously monitor these processes in your facility.

Instructions:

- Use this bulletin board kit to encourage patient participation in Quality Assurance and Performance Improvement (QAPI) meetings!
- Each month that a goal is worked on, add a brick to your wall with the progress, aspect of goal that has been accomplished, or ways that patients have helped move the project forward.

Example Bulletin Board Display

Goal

How Often?

How our patients can help us be successful:

You are a member of our team, and we need your help!

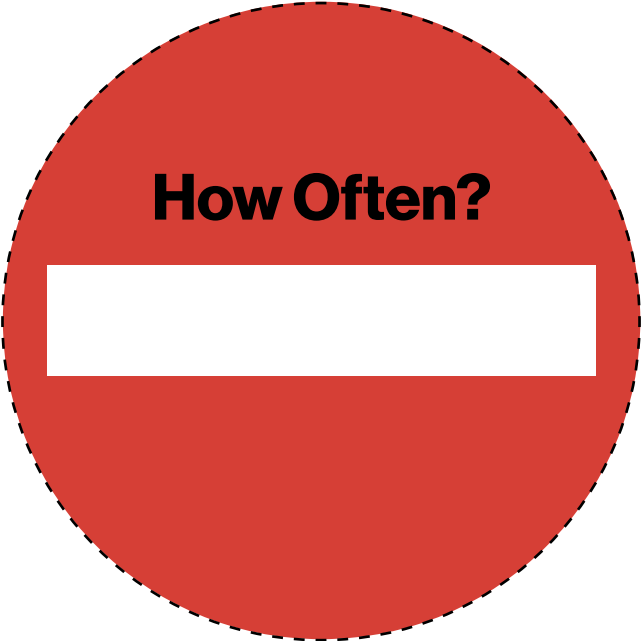

Need: Infection Prevention
Action Step: Ask where to get next vaccine or booster

Need: Improve peer-to-peer support
Action Step: Sign up for Peers in Action

Cut out these signs and posts. Fill in your goal in the yellow sign, and the timeframe/frequency of your goal in the red sign. Is it monthly, quarterly, or annually? Place on your bulletin board.

Cut out this sign and the posts. Fill in how your patients can help you be successful. Place on your bulletin board.

How our patients can

help us be successful:

Use the following bricks to complete your wall.
