

# Tis the Season to Learn About Home Dialysis

## How to use your Bulletin Board Kit

1. Look at the Display Board Idea.
2. Ensure your kit has all the needed pieces.
3. Cut out the pieces.
4. Invite a patient to assist you with creating the display.
5. Use cotton balls for snow or have patients make their own snowflakes to add to the board.
6. Make sure the display is in an area where patients can see it.
7. Keep track of how many patients show interest in using a home modality.
8. Take a photo and send it to the Network at [Qsource-QIDept@qsource.org](mailto:Qsource-QIDept@qsource.org)!

Cut out the snowballs to place on your bulletin board. Use the blank snowballs to fill in your own benefits.
