Who We Are

We are a non-profit organization that is contracted by the Centers for Medicare & Medicaid Services (CMS) to provide these free services and resources to you. This is a benefit for your facility, and we will tailor our services to your needs. Although we work on behalf of CMS, we have no regulatory nor enforcement authority.

Areas of Expertise

Our team consists of people who have served in long-term care in many positions: administrators, directors of nursing, infection preventionists, MDS coordinators, staff development, social workers, CNAs, and state long-term care ombudsman. We have a passion for residents, families, and staff living and working in long-term care.
